THE RESCUED CATS' ADVENTURE SERIES

Mr Bo Jangles' Tree Top Adventure

Book Two of the series

Notes for Parents and Teachers

Before school age

Show the cover and talk about what 'exploring' means. What is Mr Bo Jangles up to? How is he going to get back down? The story has questions built into it to draw children out, so pause and let them answer. It's a good chance to talk about up and down, higher and lower. Children can mime a cat digging in its claws and climbing. The repeated words through the story support children at the early stages of reading.

Year One and Two

Read it aloud, or let a confident reader try it themselves. As a follow-up, children can draw Mr Bo Jangles or their own pet, cut it out and stick it onto a big drawn tree — then add their own caption. The PDF version is handy for putting up on a screen for a group.
